

## Message from the President

The pickleball courts are finished! The office has paddles and balls for members to check out. The two courts are located on the south side of the swimming pool. Further, on behalf of the board of directors and members, I want to thank the staff for an excellent summer season! The employees did an exceptional job providing great service to our members. We appreciate everyone's hard work and dedication to the Club. Finally, several golf and country clubs have closed across the country in recent years due to lack of membership and member participation. Dues alone do not pay the club's bills. The board implores our members to support the Club by using all services such as dining and the bar on a weekly basis. Greater membership participation is paramount to a stable and successful Club.

## **Pool News**

'If time flies when you're having fun', then we sure had a lot of fun this pool season. It was 'Short Sweet'! Kudos to Agle Kopenhiemer, Jennifer Glasco, Hayden Franks, Taylor Kelley, Jacob Plaxico, Garrison Key, Kaavin Erwin and Thomas Curtis for keeping the pool open, safe and healthy thru Labor Day! Have a blessed Autumn, Winter and Spring!

Til Summer time - 2020.....

Keep your chin up and steady paddling.

## From The Green

We will begin to get the course ready for winter by raising the heights of the fairways, tees, and apps over the next few weeks. The greens will be raised slightly after the Bar Tournament and will be raised 3 more times before we go into the cooler temperatures. The summer height of cut was as low as .090, the winter time height will be .160. There will be very little difference in speed though due to the lack of growth during cold weather. I will still continue to fertilize them for 6-8 more weeks and also give them an application of fungicide for winter protection.

We will be spraying the fairways, tees, and around greens with pre-emergent to help keep some weeds out during the winter. By doing this it will help the Bermuda coming out of dormancy in the spring with less competition.

The golf course has experienced a very good year growth and condition wise. We continue to work on irrigation and other issues as we go throughout the course. We will also be doing some work on drains this winter along with our tree trimming.

Thank you all for the compliments on the course and to the staff about the conditions of the course. Don't hesitate to ask me any questions when I'm out on course if you have them.
